WORK EXPERIENCE

PRODUCT PHOTOGRAPHER GUNDAM PLANET

I have the privilege of photographing select new products in a variety of creative ways. There is then a review process, where the team sits down to discuss where the content will be used. The final edits are put into place and the content is then uploaded to the social media pages.

Gundam Planet also has a sister company, Figurise, which I hold some of the same responsibilities for.

 PALISADES PARK, NJ 2013-Present

PHOTOGRAPHER/CAMERA OP. NIGHTSTAND STUDIOS

An amazing internship that gave me versatility in a fast-paced setting. The facility has 3 studio spaces, a recording studio, and a gym. I was able to learn new professional techniques in every situation while collaborating with the studio's clientele.

 FAIRFIELD, NJ 2012-2013

OWNER TABLETOPOGRAPHY

Started the process of taking some of my freelance clients I have gathered over the years and created a company where they can all call home.

Using various skills such as photography, cinematography, and other means of production, I have been able to provide services for a variety of clientele.

I have also managed the social media, websites, and budgets for the company.
